MODERN TOWER CHIMES

(Played by Organist from Electric Keyboard)

Inventive genius has made the operation of Modern Tower Chimes as simple and easy as picking out a tune with one finger on the piano. The tone—round, full and velvety—is fully controlled by electrically operated striking actions and dampers which latter prevent all tone intermingling. Cost is moderate. Concerted action will enable US to have Chimes ringing by NEXT Christmas.

Prov. 14:14 A good man shall be satisfied from himself.

Intro. A French proverb, "When a man does not find repose in himself, it is vain for him to seek it elsewhere." The same with happiness. Text.

I. Text does not say, "satisfied with himself".
The better the man the less satisfied with himself.
"Why callest thou me good?"

II.

II. A good man shall be satisfied from himself.
A good man's happiness wells up from within. His righteousness springing up within him like a well of water, springing up unto eternal life, refreshing both himself and others. The good man carries within himself his own heaven, just as the bad man has hell within himself.

"You are your own devil, you are your own God,
You fashioned the paths that your footsteps have trod:
And noone can save you from error or sin
Until you hark to that still voice within.

"Once list to that voice and all tumult is done,
Your life is the life of the Infinite One;
In this hurrying race we are conscious of pause,
With love for the purpose and love for the Cause."
Ella Wheeler Wilcox.

In short, The kingdom of God is within you.

III. "To be good and you will be happy" is a proverb hardly anyone believes. And yet it contains a great truth.

A man's satisfactions depend upon his inner state and disposition. One who has right feelings and a right disposition either finds happiness or makes it. The human soul was made to produce happiness just as much as a musical instrument is made to produce music.

The well-made piano can be put anywheres and its keys touched by anyone and its musical notes will be rich and full and mellow.

But an old tinpanic, poorly made, broken down piano, if put in a palace and played by Paderweski will only emit tones that are poor and lean.

Men are the same way. Some men are so mean, so selfish and so proud that God himself cannot play on their

souls and bring forth any heavenly music. All such souls can produce are jangling discords. They may be ever so rich and influential, but to no use.

Then, there are persons of whom the very opposite is true. They just radiate happiness. The essential quality of their inner nature is such that they just give out pure sweet rich full tones.

A man who grumbles constantly at home and in business and with everybody cannot go away on a vacation and do otherwise. He will grumble at the finest scenery God has made.

But the man who is gracious and kind, who does not think of himself more highly than he ought to think, who regards others sympathetically and congenially, does'nt have to go anywheres to find happiness- he is happy and he makes everybody else feel the same way.

Religion ennobles all of a man's inner self, harmonizing his mind and heart and social instincts with the universal law of life and love asGod has established it.

New Testament religion is righteousness and peace and joy in the Holy Ghost. Full of cheer, full of courtesy, full of generosity, full of gentleness.
